RAGGING A MENACE

Broadly speaking Ragging is: Any disorderly conduct whether by words spoken or written or by an act which the effect of teasing, treating or handling with rudeness any other student, Indulging in rowdy or indisciplined activities which causes or is likely to cause annoyance, hardship or psychological harm or to raise fear or apprehension thereof in a fresher or a junior student or asking the students to do any act or perform something which such student will not do in the ordinary course and which has the effect of causing or generating a sense of shame or embarrassment so as to adversely affect the physique or psyche of a fresher or a junior student.

The cause of indulging in ragging is **deriving a sadistic pleasure or showing off power, authority or superiority** by the seniors over their juniors or freshers.

Ragging can, be stopped by creating awareness amongst the students, teachers and parents that ragging is a reprehensible act which does no good to any one and by simultaneously generating an atmosphere of discipline by sending a clear message that no act of ragging shall be tolerated and any act of ragging shall not go unnoticed and unpunished.

Anti-ragging movement should be initiated by the institutions right from the time of advertisement for admissions. The prospectus, the form for admission and/or any other literature issued to aspirants for admission must clearly mention that ragging is banned in the institution and any one indulging in ragging is likely to be punished appropriately which punishment may include expulsion from the institution, suspension from the institution or classes for a limited period or fine with a public apology. **The punishment- may also take the shape of: (i) withholding scholarships or other benefits (ii) debarring from representation in events (iii) withhold results (iv) suspension or expulsion from hostel or mess and the like. If there be any legislation governing ragging or any provisions in the Statute/Ordinances they should be brought to the notice of the students/parents seeking admissions.**

The application form for admission/enrollment shall have a printed undertaking to be filled up and signed by the candidate to the effect that he/she is aware of the institution's approach towards ragging and the punishments to which he or she shall be liable if found guilty of ragging. A similar undertaking shall be obtained from the parent/guardian of the applicant.

Such of the institutions as are introducing such a system for the first time shall ensure undertakings being obtained from the students and their parents/guardians already studying. In the institutions before the commencement of the next educational year/session.

A printed leaflet detailing when and to whom one has to turn for information, help and guidance for various purposes, keeping in view the needs of new entrants in the institution, along with the addresses and telephone numbers of such persons, should be given to freshers at the time of admissions so that the freshers need not look up to the seniors for help in such matters and feel indebted to or obliged by them.

The management, the principal, the teaching staff should interact with freshers and take them in confidence by apprising them of their rights as well as obligation to fight against ragging and to generate confidence in their mind that any instance of ragging to which they are subjected or which comes in their knowledge should forthwith be brought their knowledge and shall be promptly dealt with while protecting the complainants from any harassment by perpetrators of ragging. It would be better if the head of the institution or a person high in authority addresses meetings of teachers, parents and students collectively or in groups in this behalf.

At the commencement of the academic session, the institution should constitute a proctorial committee consisting of senior faculty members and hostel authorities like wardens and a few responsible senior students:

1. To keep a continuous watch and vigil over ragging so as to prevent its occurrence and recurrence, 2. To promptly deal with the incidents of ragging brought to its notice and summarily punish the guilty either by itself or by putting-forth its finding/recommendation/suggestions before the authority competent to take decision.

The local community and the students in particular must be made aware of dehumanizing effect of ragging inherent in its perversity. Posters, notice boards and sign-boards wherever necessary, may be used for the purpose.

Failure to prevent ragging shall be construed as an act of negligence in maintaining discipline in the institution on the part of the management, the principal and the persons in authority of the institution. Similar responsibility shall be liable to be fixed on hostel wardens/superintendent.

The hostels/accommodations where freshers are accommodated shall be carefully guarded, if necessary by posting security personnel, and placed in charge of a warden/superintendent who should himself/herself reside thereat, and wherein the entry of seniors and outsiders shall be prohibited after specified hour of night and before except under the of the person in charge. Entry at other times may also be regulated.

If the individuals committing or abetting ragging are not identified collective punishment could be resorted to act as a deterrent punishment and to ensure collective pressure on the potential raggers.

UPON hearing counsel the Court made the following ORDER we have perused the Report of the Committee constituted pursuant to this Court's order to suggest remedial measures to tackle with the problem of ragging in educational institutions. An elaborate report has been submitted by the Committee headed by Dr.R.K. Raghavan. According to the Committee, the following factors need to be focused to tackle with the problem: a. Primary responsibility for curbing ragging rests with academic institutions themselves. b. Ragging adversely impacts the standards of higher education. c. Incentives should be available to institutions for curbing the menace and there should be disincentives for failure to do so. d. Enrolment in academic pursuits or a campus life should not immunize any adult citizen from penal provisions of the laws of the land. e. Ragging needs to be perceived as failure to inculcate human values from the schooling stage. f. Behavioral patterns among students, particularly potential 'raggers', need to be identified. g. Measures against ragging must deter its recurrence. h. Concerted action is required at the level of the school, higher educational institution, district administration,

university, State and Central Governments to make any curb effective. i. Media and the Civil Society should be involved in this exercise. The Committee has made several recommendations. For the present, we feel that the following recommendations should be implemented without any further lapse of time.

1. The punishment to be meted out has to be exemplary and justifiably harsh to act as a deterrent against recurrence of such incidents.
2. Every single incident of ragging where the victim or his parent/guardian or the Head of institution is not satisfied with the institutional arrangement for action, a First Information Report must be filed without exception by the institutional authorities with the local police authorities. Any failure on the part of the institutional authority or negligence or deliberate delay in lodging the FIR with the local police shall be construed to be an act of culpable negligence on the part of the institutional authority. If any victim or his parent/guardian of ragging intends to file FIR directly with the police, that will not absolve the institutional authority from the requirement of filing the FIR.
3. Courts should make an effort to ensure that cases involving ragging are taken up on a priority basis to send the correct message that ragging is not only to be discouraged but also to be dealt with sternness.
4. In addition, we direct that the possibility of introducing in the educational curriculum a subject relating to ragging shall be explored by the National Council of Educational Research and Training (NCERT) and the respective State Council of Educational Research and Training (SCERT). This aspect can be included in the teaching of the subjects "Human Rights".
5. In the prospectus to be issued for admission by educational institutions, it shall be clearly stipulated that in case the applicant for admission is found to have indulged in ragging in the past or if it is noticed later that he has indulged in ragging, admission may be refused or he shall be expelled from the educational institution.
6. The Central Government and the State Governments shall launch a programme giving wide publicity to the menace of ragging and the consequences which follow in case any student is detected to have been involved in ragging.
7. It shall be the collective responsibility of the authorities and functionaries of the concerned institution and their role shall also be open to scrutiny for the purpose of finding out whether they have taken effective steps for preventing ragging and in case of their failure, action can be taken; for example, denial of any grant-in-aid or assistance from the State Governments.
8. Anti-ragging committees and squads shall be forthwith formed by the institutions and it shall be the job of the committee or the squad, as the case may be, to see that the Committee's recommendations, more particularly those noted above, are observed without exception and if it is noticed that there is any deviation, the same shall be forthwith brought to the notice of this Court.
9. The Committee constituted pursuant to the order of this Court shall continue to monitor the functioning of the anti-ragging committees and the squads to be formed. They shall also monitor the implementation of the recommendations to which reference has been made above. Post these matters in September, 2007 for further directions on the recommendations received from the Committee. I.A.No.5/2007 in S.L.P.(C) No.24295/2004: Issue notice. Response, if any, by the University shall be filed within four weeks. Rejoinder, if any, within four weeks thereafter. Mr. Gopal Subramaniam, learned amicus curiae shall also indicate his views. Writ Petition (Crl.) No.173/2006: List this petition separately in September, 2007. (N. Annapurna) (MadhuSaxena) Court Master Court Master download full copy of supreme court order.

COMPASSION

Usually, our concept of compassion or love refers to the feeling or closeness we have with our friends and loved ones.

Sometimes compassion also carries a sense of pity.

This is wrong

any love or compassion which entails looking down on the other, is not genuine compassion.

To be genuine,

compassion must be based on respect for the other, and on the realization that others have the right to be happy and overcome suffering, just as much as you.

On this basis,

since you can see that others are suffering, you develop a genuine sense of concern for them.
