Reference: Kerala Dental Council (No.D6869/18/DC)

Credit Points Awarded: 9 points for the registered delegates

Title : **"Fabrication challenges" Crowns, Bridges and Implants with Hands On.**

Venue: PMS College of Dental Science and Research, Vattapara, Trivandrum

Dated: 28<sup>th</sup> and 29<sup>th</sup> December 2018

Time: [8 am to 4 pm] / [9 am to 1 pm]

CDE Faculty: Dr Sudeep.S.

KDC Observer: Dr Presanthila Janam

Programme Schedule

<b>Day- 1</b>	<b>28<sup>th</sup> Dec,2018</b>
08:00 am - 09:00 am	Registration
09:00 am - 09:30 am	Inauguration
09:30 am - 09:40 am	Tea Break
09:40 am - 10:30 am	Diagnostic Procedures - Prof. Dr. Dinesh. N.
10:30 am - 11:30 am	Preparation Designs - Prof. Dr. Sapna Bhaskaran
11:30 am - 12:30 am	Impression Materials And Techniques- Prof. Dr. Sudeep. S.
12:30 am - 01:00 pm	Lunch break
01:00 pm - 02:00 pm	Visual perception and shade matching- Prof.Dr.Sangeeth Cherian
02:00 pm - 04:00 pm	Dental Implants Prosthesis Diagnostic Mounting To Fabrication- Dr.Allen.V.H.
<b>Day- 2</b>	<b>29<sup>th</sup> Dec,2018</b>
Tooth Preparation	Demo and Hands ON
09:00 am - 11:00 am	PFM crown/ All ceramic crown
11:00 am - 11:30 am	Tea Break
11:30 am - 1:00 pm	Impression Techniques and Temporization

The programme was a grant success with 31 hands on participants from PMS College of Dental Science and Research and various other colleges. Dr.Sudeep.S (Vice Principal) gave the welcome address followed by Dr Presanthila Janam (CDE director) graced the occasion with a felicitation and Dr.N.O Varghese (the principal) lighted the auspicious lamp and inaugurated the programme. The inauguration was followed by Dr Dinesh's lecture on how the diagnostic procedures play a major role in selecting a proper treatment plan for the crowns, bridges and implants. It was a knowledge studded lecture by Dr Dinesh.N.

Dr Sangeeth Cherian followed with a brief on visual perception and shade matching, where he shed light on all aspects of shade selection and shade guides. Next, the students were lectured on the various preparation techniques in both anterior and posterior tooth by Dr. Sapna Bhaskaran. She did a video demo as well regarding the same, which was very helpful. Post lunch session started off with Dr Sudeep.S., lecturing about impression material and techniques. Dr Sudeep broke down the topic into easily comprehensible chunks and more over the session was very interactive.The session concluded with a lecture from Dr Allen regarding dental implant prosthesis diagnostic mounting to fabrication. After the session all had a nice and well deserved tea.

On 29<sup>th</sup>, the students had a Hands On tooth preparation session with the eminent faculties. Students had a chance to do tooth preparation on incisors and molars in a typhomodel. They also had a chance to take polyvinyl siloxane impression. The programme ended at 1pm.

## **REPORT ON CONTINUING DENTAL EDUCATION PROGRAMME**

### **CBCT IN ROUTINE DENTAL PRACTICE**

**TITLE OF THE PROGRAM:** CBCT in Routine Dental Practice

**VENUE:** PMS College of Dental Sciences, Vattapara, Trivandrum.

**Date:** 28.03.2019                      **Time:** 9 am to 4pm

**Faculty:** Dr. Vivek V, Dr. Sunila Thomas, Dr. Aswathy K. Vijayan

#### **PROGRAM SCHEDULE**

23 rd March 2018

08.00 — 09.00 am— Registration

09.00 — 09.30 am — Inauguration

09.30 — 10.15 am —Unit 1– Dr Aswathy

[Analog vs. Digital imaging, Introduction to digital sensors, Introduction to CBCT]

10.15 — 10.30am — Tea break

10.30pm — 12.30pm — Unit 2–. Dr Vivek

Introduction to CBCT, CBCT in TMJ and Airway Analysis, Sectional anatomy;

Imaging protocols for Implant, Trauma, Orthodontic, Endodontic & Periodontic cases.

12.30pm — 01.00pm — Lunch

01.00 — 04.00pm — Dr Sunila

Introduction to “On demand 3D “software and on demand 3D project”:- Hands on

The registration of the delegates started at 8.00 am. There were 37 participants which consisted of 31 registered delegates and 6 organising team members.

Programme started off with a prayer song and Head of the department (Dept of oral medicine and radiology) Dr. Vivek V welcomed all the participants and the program was inaugurated by Dr. N O. Varghese, Principal, PMS College of Dental Sciences and Research.

## **REPORT ON CONTINUING DENTAL EDUCATION PROGRAMME**

Dr. Aswathy started her lecture on digital imaging, digital sensors and introduction to CBCT followed by a short tea break. Dr. Vivek continued the lecture on CBCT till 12.30 pm. Lunch break was given from 12.30pm to 1.00pm. After that talk on sectional anatomy by Dr. Sunila continued till 4pm. Program came to an end after Hands on Session on On Demand 3D software by Dr. Sunila. Feedback was collected and certificates were given.

This course aimed to render Comprehensive training to the participants in order to understand the fundamentals and working principles of CBCT along with quality hands on experience on an advanced CBCT machine, Denti C- HDX Wills, which shall enhance the core competence of the participants towards better diagnosis, treatment planning and integration of CBCT into routine dental practice. This was designed to be a comprehensive programme, to provide basic knowledge & skill in CBCT imaging, its clinical application and integration into ethical and routine dental practice. It provided an excellent opportunity for those who seek theoretical & hands on training in CBCT imaging especially 'On Demand 3D' project.

# PMS COLLEGE OF DENTAL SCIENCE & RESEARCH

Workshop on research Methodology	07.10.2020 - 08.10.2020
----------------------------------	----------------------------

## AIMS

- **to persuade** funding body, educational institution, or supervisor — that your project is worthwhile.
- **Relevance**- Convince that your project is interesting, original and important
- **Context**- you are familiar with the field, you understand the current state of research on the topic, and your ideas have a strong academic basis
- **Approach**- you have carefully thought about the data, tools and procedures you need to conduct the research
- **Feasibility**- Confirm that the project is possible within the practical constraints of the programme, institution or funding

## Two types of tests

**Parametric** - Requires distribution assumption for the population from which samples were taken

**Non-Parametric or distribution free tests** - Requires no distributional assumption for the population

## WRITING A RESEARCH PROPOSAL

### **RESEARCH GRANT WRITING**

**REFERENCE:** Kerala dental Council Order No :D.180/21/DC.Dt 05/01/2021

**Credit points awarded:** 9 points for registered delegates

**TITLE OF THE PROGRAM:** Research Grant Workshop

**VENUE:** Main Auditorium

**Date:** 15.01.2021, 16.01.2021      **Time:** Day 1-8.30 am to 3.00 pm, Day 2-8.30am  
to 2.30 pm

**Faculty:** Dr. Jeemon P

**KDC Observer:** Dr. Presanthila Janam

### **PROGRAM SCHEDULE**

#### **Day 1 (15/01/2021)**

- 8.30-9.30.....Why grant writing is important and  
Steps in grant writing?
- 9.30-10.00.....Identify Research Gaps
- 10.00-10.15.....Break
- 10.15-11.30.....How to frame a research question?
- 11.30-12.30.....Group Sessions on RQ(4 Groups)
- 12.30-1.00. ....Lunch Break
- 1.30-2.15.                      Art of writing grants
- 2.15-3.00.....Discussion

#### **Day 2 (16/01/2021):**

- 8.30-9.30.....Commandments in grant writing
- 9.30-10.15.....Funding Opportunities
- 10.15-10.30.....Break
- 10.30-11.00.....Justification of Resources
- 11.30-12.00.....Writing data management and

## **REPORT ON CONTINUING DENTAL EDUCATION PROGRAMME**

### **REPORT ON INTELLECTUAL PROPERTY RIGHTS**

An exclusive webinar on Intellectual Property Rights was organized jointly by Department of Research and Publication, PMS College Of Dental Science And Research And IPR Information Centre, Kerala IPRIC-K, KSCSTE On **6<sup>th</sup> May 2021** On Zoom App.

The webinar commenced at 11. AM. Dr. Ambili R, Director Department of Research and Publication introduced the eminent speakers **Dr Ajith Prabhu V**, [chief scientist, KSCSTE and nodal officer IPRICK] and **Shri Krishnaprasad**, [Project scientist PIC Kerala KSCSTE]. More than 150 participants attended the webinar. The delegates were exposed to various legal norms involving patent and related innovations. 1<sup>st</sup> session of webinar was headed by chief speaker Dr Ajith Prabhu V on topic **Significance of Intellectual Property Rights** from 11.-12.00pm. Second session by Shri Krishnaprasad on the topic **Patent Searching And Filing Procedures** continued till 1.00pm. The webinar was concluded by thanks giving by Dr Sudeep S, Principal, PMS College Of Dental Science And Research.

The speakers enlightened the delegates about the basic concepts of property rights, the need for awareness regarding IPR and discussed in detail about the patent searching, registration, its need and patent filing procedures. The webinar was successful in spreading awareness on IPR and the speakers addressed the queries participants before concluding the programme.
