PMS Dental College,

Vattapara

Respected Sir,

Greetings to the PMS family,

Hope this finds you all fine and well. I graduated in 2013 and by the grace of God, I am quite well established in my career. I am indebted to the faculty & staff members of PMS college, that helped me mould my career and professional aspirations.

As a token of my appreciation and gratitude, I would like to share my success with the college by way of a donation amounting to Rs. 10 Lakhs towards the developmental fund of the college. I would like this amount to be used for developing the infrastructure or add newer facilities for the college.

I do take this opportunity once again to thank, all my teachers and other staff members who were instrumental in making my professional dream come true.

Best regards

Dr. Shinu Saleem
