Dear Fraternal Members,

Technology, skills and continuous professional development have led to an improved standard of care with the benefits being passed on to our patients. Keeping abreast of the latest and efficient developments and implementing the same in everyday practice to effect better treatment outcomes is the need of the hour.

With immense exultation, we are announcing that the Department of Orthodontics, PMS College of Dental Science and Research along with the CDE committee is going to conduct a one-day CDE Programme on 'Skeletal anchorage- A clinical perspective'. With great pleasure, we invite you to be a part of this programme and enlighten yourselves.

**Dr Roopesh R**  
Prof. and HOD  
Department of Orthodontics  
and Dentofacial Orthopaedics

## SPEAKER

**Dr. Vivek Patni** (BDS 1999, MDS 2002) is an alumnus of Government Dental College and Hospital, Mumbai. He has received Fellowship in Oral Implantology from MUHS in 2017. He was a professor and PG guide in MGM Dental College, Navi Mumbai till 2020 and currently serving at Govt Dental College & Hospital Mumbai as an Honorary Professor in Department of Orthodontics.

He has published around 30 scientific papers in various national and international journals. He is the inventor of Favanchor Skeletal Anchorage System and Favex Skeletal Maxillary Expander. He has two patents to his credit and was awarded Prof George Jacob's award for innovation in Orthodontics by IOS.

Currently he maintains a private practice in Mumbai and Pune and also is the orthodontic consultant and Head of the Department in MRR Children's Hospital in Thane. His areas of interest are treatment of complex cases with the help of TADS, Dental Implantology and In House Aligners.
