7:METHOD FOLLOWED FOR ARRIVING AT THE SEAT MATRIX

7.1: For identification of Open (Unreserved), SC, ST, SEBC (BH, BX, EZ, KU, LC, and MU) and Person with disability seats in Open (Unreserved), SC and ST, SEBC Categories in respect of Government Dental Colleges:

7.2: In Government Dental Colleges/ Institutions besides reservation for SC (8%) and ST (2%) there is reservation for SEBC candidates (27%) with internal further distribution Ezhava 8%, Muslim 7% ,BH 7%,LC 3%, BXian 1%, Kudumbi 1%. 10% seats are reserved for EWS and 10% seats are reserved for Service Candidates. The seats un-availed by EWS category candidates will be transferred to General Merit. (As per G.O (Ms) No.195/2021/H&FWD dated 30/10/2021)

7.3: Person with disabilities category (PwD) candidates are given 5% reservation,

which is distributed among all the categories (Horizontal).

7.3: The principles to be followed:

(a) Roster Preparation

(i) Roster for the current year is prepared as an extension of the last year's roster.

(ii) Assignment of reservation categories to roster point is driven by computing the gap between the total share of seats due to the categories and the seats actually allocated up to that point in the extended roster.

(iii) Mapping of categories to roster points makes use of a category hierarchy, with blocks of reserved and unreserved seats at the top level, and the block of reserved seats further divided into the SC-ST and the SEBC blocks at the next level. The SC-ST and the SEBC blocks in turn are divided into the respective constituent categories at the bottom level. Though the quota for persons with benchmark disabilities (PD) is an independent sub group, being a horizontal reservation its share of seats is constituted with proportional contribution from the constituents of the SC-ST and the SEBC groups.

(b) Assignment of seats to roster points for forming the seat matrix

(i) Seat Matrix for the current year is prepared as an extension of the last year's seat matrix.

(ii) After reservation categories are assigned to roster points, the next step is to map roster points to seats. The procedure for mapping roster points to seats in participating institutions relies on a well defined hierarchical grouping of the seats available at the time of seat matrix preparation. At the highest level, there is distinction between subjects and the next level is defined institution-wise.

(iii) The roster points with categories assigned to them are processed one after the other. When a roster point is considered for mapping to a seat, the unassigned seats are examined along the seat hierarchy defined above. At each level of the hierarchy, choice of seat is made based on a computation of

the gap between the due seats and the seats accrued up to that stage in the extended seat matrix in respect of the concerned category, separately for the constituent groups at that level. The group in which the category is having higher deficit will be pursued. This logic is applied through the levels until the bottom most level is reached and the roster point will get assigned to a seat in a particular speciality and institution combination.

(iv) In case additional seat(s) is / are contributed by any institution after finalization of seat matrix due to creation of additional seat or starting of new course after freezing of seat distribution (seat matrix), before start of next round (second / third) of counseling the same will be added to the roster and seat matrix by applying the above defined procedure for extension of roster and seat matrix.

(v) In case an institution withdraws any seat after finalization of seat matrix as mentioned above, on account of de-recognition of seat or due to furnishing of wrong information earlier, the same would be deleted from the list without changing/ disturbing remaining seat matrix. However, as the deleted seats will not be part of the accrued seats when the next extension (due to availability of additional seats or the next year's seat matrix preparation) of the roster and seat matrix takes place, the lost assignments of seats to roster points will be automatically compensated when such extension happen.

GOVERNMENT OF KERALA

Abstract

FINANCE DEPARTMENT—DEPUTATION OF MEDICAL OFFICERS UNDER HEALTH
SERVICES DEPARTMENT FOR HIGHER STUDIES—SCHEME
APPROVED—ORDERS ISSUED

FINANCE (RULES – A) DEPARTMENT

G. O. (P) No. 106/2017/Fin. Dated, Thiruvananthapuram, 14th August, 2017.

- Read:—* (1) G. O. (P) No. 303/70/Fin. dated 12-5-1970.
(2) Circular No. 54/2005/Fin. dated 27-9-2005.
(3) G. O. (P) No. 69/10/H & FWD dated 17-2-2010.

ORDER

As per the Government Order read as 1st paper above, deputation benefits with full pay and allowances are sanctioned to Government employees to undergo course of study, if Government are fully satisfied that the course is capable of widening their knowledge in a manner likely to improve their abilities as civil servants and to equip them better in the sphere of their duties and of definite advantage to Government. As per the Circular read as 2nd paper above, Government have clarified that deputation benefits will be allowed only for undergoing course of study/training prescribed for promotion to posts in the regular line of promotion of the posts held by the employees and also in cases where approved scheme exists for such deputation. As per the Government Order read as 3rd paper above, Kerala Health Services (Medical Officers) Special Rules have been framed and the existing cadres of Medical Officers in Health Services Department have been categorized into Administrative Cadre, Speciality Cadre, General Cadre, Public Health Lab Cadre and Blood Bank and Clinical Lab/Transfusion Medicine Cadre. Since then, several requests for deputation benefits for higher studies have been received from Medical Officers in Health Services Department. However, many doctors who avail deputation benefits do

GCPT. 4 2978/2017/S-5.

not opt for the stream in which they have specialized. Several doctors who have completed their deputation for higher studies under service quota are waiting to be posted to their specialities even after exercising option to the stream. At the same time acute shortage of doctors is being experienced in certain specialities as well.

In this circumstance, Government have examined the matter in detail and are pleased to streamline the procedure for sanctioning deputation benefits to Medical Officers under Health Services Department for pursuing higher studies and issue the following scheme of deputation for the purpose. All Government Orders regarding deputation benefits for higher studies in Health Services issued till date will be superseded by the following orders:

1. This scheme will be limited to service candidates who have successfully completed their probation in respective cadre. Other cases will not be entertained on any account.
2. Those who want to go for higher studies other than on service quota shall pursue the course on their own accord after availing eligible leave/Leave Without Allowance.
3. Deputation benefits will be sanctioned for undergoing courses of study in institutions run by the Government of Kerala, other State Governments, Union Territories and the Government of India. Administrative Department shall prepare a list of such institutions and in future the Director of Health Services shall issue Sponsorship Certificates only to the selected courses and institutions in the list approved by the Government.
4. The candidates who undergo two year Post Graduate Diploma Course and Post Graduate course should have prospective service of 10 (ten) years and 12 (twelve) years respectively after successful completion of the course.
5. Those who have not availed deputation benefits for MD/MS will be granted deputation benefits for Super Speciality course. Those who have availed deputation benefits for MD/MS will be granted deputation to Super Speciality only after three years of service in the specialized branch. These candidates shall have minimum 7 (seven) years prospective service for serving the Government after the successful completion of the DM/MCH Course. If they get admission for super Speciality course after ten years of service in the specialized branch, they shall have 5 (five) years of prospective service after successful completion of the course for serving the Government.

6. Applications for deputation benefits shall be recommended only on the basis of strict seniority and vacancies likely to arise in the specialities concerned.
7. The Director of Health Services shall prepare every year a list highlighting the specialities to which deputation benefits are to be given and the number of vacancies likely to arise in each speciality for the next academic year with their specific remarks on the necessity of granting deputation benefits to these specialities. Government shall put a ceiling each year on the number of candidates eligible for deputation benefits in each speciality. However, deputation benefits will not be allowed to undergo courses of study in streams where more than 10% of the sanctioned strength of the speciality cadre concerned is waiting to be posted and the Director of Health Services shall prepare another list of such specialities.
8. Administrative Department shall approve these lists with direction to include the same in the prospectus. Requests for deputation benefits to study courses outside the above lists/prospectus will not be entertained by the Government.
9. The Director of Health Services shall forward to Government the proposals of deputation benefits along with the lists referred to under para 8.
10. Those who avail deputation benefits shall immediately after completion of deputation opt the speciality cadre in which they have specialized.
11. Those who have already received deputation benefits and have not opted to their specialities are to exercise the same within a period of one month from the date of issue of this Government Order; failing which their period of deputation will not be counted for service and pensionary benefits.
12. Deputation benefits shall be granted only for stipulated duration of the course. If any candidate does not successfully complete the course during the stipulated period or there is delay on his part in completing the course within the stipulated period, the extra period shall be treated as eligible leave/Leave Without Allowance.

13. Rural and Difficult Rural Area Allowance, Non-Practising Allowance, Risk Allowance and other duty linked allowances will not be paid during the period of deputation.
14. Those who discontinue the course on any reason/do not opt for the speciality within a period of one month after completing the course/resign from service or take voluntary retirement/leave the service to take up another appointment elsewhere or for any other reason before completing mandatory period of service will be liable to pay as liquidated damage an amount equal to the total salary admissible to the officer during the entire period of obligatory service of 5 or 7 or 10 or 12 years as the case may be after completing the course. The salary/stipend drawn during the course along with interest @ 8% will also be recovered towards liquidated damages. In order to arrive at the future salary, a hike of 25% on the existing salary will be effected in quinquennial pay revision taking place during the obligatory period. In the event of violation of this clause, the fact will be reported to the Medical Council for necessary action and his/her service will be terminated by following the procedure under the Kerala Civil Services (Classification Control and Appeal) Rules.
15. If these Officers leave Government Service during the obligatory service period without remitting the liquidated damages and the District Medical Officers fail to report such cases to the Director of Health Services in time and the Director of Health Services in time to Government, the liquidated damages will be recovered from them.
16. District Medical Officers will make periodic inspections in the hospitals having specialities to ensure that the specialized doctors who received deputation benefits are serving the Government during the mandatory period in the posts of speciality and furnish a report once in three months to the Director of Health Services and the Director in turn will prepare a consolidated report and furnish it once in six months to the Government in the Health & Family Welfare Department.

2497838/2018/HEALTH(OS)

17. Administrative Department will sanction deputation benefits only in consultation with the Government in the Finance Department.
18. The posts vacated by the doctors proceeding on deputation for higher studies under this scheme shall be filled up temporarily.
19. No candidate granted deputation benefits under these orders will be relieved of his duties to join the course before he executes a bond on Kerala Government stamp paper worth ₹ 200 agreeing to the terms and conditions set under the preceding paragraphs.
20. These guidelines will apply to candidates admitted to courses of study specified above from the academic year 2017-18 onwards.
